MEASUREMENT FORM

USE WHEN GUTTER OR OTHER ITEM IS ATTACHED TO OUTSIDE WALL
LadderPort Type 2, Cranky Permanent Post Type 2, & Parapet Back Ladder
Gutter Saver for Walls with Gutters up to 8" Wide x 8" Tall

LEGEND
A=Distance top of parapet to roof deck (If Back Ladder or Platform Needed)
B=Distance from parapet wall to unobstructed roof deck (Will determine if Back Ladder or Platform is needed)
C=Parapet Wall Width (If Joiner Plate is Needed to join LadderPort and Back Ladder)
D= Gutter or Other Obstruction on Outside Wall (must be approximately 8")
E=Gutter Height (must be approximately 8")

- Drawing intended as a guide only.
- All measurements are approximate.
- Drawing shows parapet – in most cases same dimensions will apply if the wall is a solid wall rather than a parapet.
- Drawings Not to Scale
- Document intended for use in determining measurements only
